

Spring Workshops!

Rocket Workshop

Learn exciting details about rocketry, build your own rocket, and witness model rockets blasting off (weather permitting)!

Monday April 9 or Thursday April 12
3 to 5 p.m.

Flight Workshop

Learn all about the forces of flight, build your own wooden planes and watch them fly!

Wednesday April 11
3 to 5 p.m.

Robot Workshop

Learn about the past, present, and future of robotics, then program an NXT robot to compete in a challenge.

Tuesday April 10 or Friday April 13
3 to 5 p.m.

All workshops are for current 5th-8th graders (no exceptions).
\$10 for each workshop. All materials are included.
Maximum 20 students per workshop.
Prepayment is required.
